CAREER FAIR

I am writing on behalf of my local chapter of Business Professionals of America. The Bexley Job Fair is hosted by our group at Bexley High School. We are looking for local businesses that want to participate in the career fair. The career fair has over 600 local visitors each year and employers rated our career fair excellent and would participate again.

The booth rental fee is \${ IF Bexley = "bexley" "30" "45" }. That provides you with an 8' table, table skirt, two chairs and access to electricity. Your business name will be published online and through social media to advertise your participation in this community career fair.

To secure your spot at this year's fair, please click on this link to register:

Release March 1, 2019

SOFTWARE TO INCREASE CUSTOMER SATISFACTION

Bowen International is proud to announce that beginning the third quarter of 2019 all 64 automotive service locations will implement a new customer service tool, ScheduleRight™.

This new scheduling system is a product of Professional Business Associates. This software will allow employees to keep track of their continued education efforts as well as customer service ratings. Employees will receive incentives based on the continuing education or customer service badges they earn.

The second part of the software will allow customers to schedule appointments using a web app. Customers will be able to view employee badges to see the level of service and areas of qualifications. The app will provide real time status of the progress of the repair or service. Will notify when the service is completed. Immediate customer review process to evaluate employee service is also delivered through the app. Finally, through the customer interface, recommended service reminders will be sent to the customer per manufacturer requirements.

Prepare to step up your automotive service experience by using a Bowen International auto service location and ScheduleRight™ today.
