

ADVANCED SPREADSHEET APPLICATIONS (235)

NATIONAL – 2019

Certification Exam: MOS Excel Core Exam 2016 _____ (100 points)

Production: _____ (450 points)

TOTAL POINTS _____ ***(550 Points)***

Failure to adhere to any of the following rules will result in disqualification:

- 1. Contestant must hand in this test booklet and all printouts. Failure to do so will result in disqualification.**
- 2. No equipment, supplies, or materials other than those specified for this event are allowed in the testing area. No previous BPA tests and/or sample tests or facsimile (handwritten, photocopied, or keyed) are allowed in the testing area.**
- 3. Electronic devices will be monitored according to ACT standards.**

No more than ten (10) minutes orientation

No more than 90 minutes testing time

No more than ten (10) minutes wrap-up

Property of Business Professionals of America.
May be reproduced only for use in the Business Professionals of America
Workplace Skills Assessment Program competition.

General Instructions

1. **Key your contestant number and printout number in the right section of a footer on each printout on a separate line in the footer.** Your name or initials should *not* appear on any work you submit.
2. **Center the following information in a header on each printout: File name and the sheet name. Each item should appear on a separate line in the header.**
3. If you finish before the end of the testing time, notify the proctor. Time may be a factor in determining the winner in the event of a tie.
4. When turning in your contest, arrange all jobs in the correct printout order (included in instructions).
5. Write your contestant number in the provided spaces on the test cover page.

Grading Rubric

Printout 1 (each line is all or nothing points)	Points	Total Points
Sheet Name (Consolidated) in the center section of header	5	
Inserted Contestant Number and Printout 1 in right section of footer	5	
A1 title change to 24 points, merge and center through H and Gray 25% fill.	5	
A2 subtitle change to 18 points, merge and center through H and Gray 25% fill	5	
A1:H2 apply a thick box border	5	
A4:H4 apply heading 3 style and center align	5	
A12:H12 apply total cell style	5	
C5:H5 Currency style	5	
C6:C11 and E6:H11 apply comma style	5	
Typos on Printout 1 (0 errors 30 points, 1 error 25 points, 2 errors 20, 3 errors 10 points, 4 or more errors 0 points)	30	
Printout in landscape orientation, centered vertically and horizontally. Your report should fit on one page with no truncated data.	10	
Total Printout 1	85	
Printout 2 Formulas	Points	Total Points
Inserted Contestant Number and Printout 2 in right section of footer	5	
B5:B11 3-D reference to total cells with correct value	20	
C5:C11 3-D reference to average cells with correct value	20	
E5 formula for calculate total cost for each brand with correct value	20	
F5 type in the formula =ROUND(D5/(1-0.32),2)-C5 with correct value	5	
G5 create formula to calculate Total Value with correct value	20	
H5 create formula to calculate Potential Profit with correct value	20	
In A13 type Rounded Total and in cell B13 use the Round function to round the Total Units on Hand to the nearest 100 with correct value	20	
Formulas copied down through E11:H11	5	
SUM function in B12, E12, G12 and H12 with correct value	10	
Print out the page, landscape orientation, centered vertically and horizontally. Your report should fit on one page with no truncated data.	10	
Total Printout 2	155	
Printout 3	Points	Total Points
Sheet Name (Miami) in the center section of header	5	
Inserted Contestant Number and Printout 3 in right section of footer	5	
Subtitle changed to Miami Profits	5	
Macro "Parent Company Address" shows in A16	5	
Print the Miami city worksheet, landscape orientation, centered vertically and horizontally. Your report should fit on one page with no truncated data.	10	
Totals for Printout 3	30	

Printout 4	Points	Total Points
Sheet Name (Orlando) in the center section of header	5	
Inserted Contestant Number and Printout 3 in right section of footer	5	
Subtitle changed to Orlando Profits	5	
Macro "Parent Company Address" shows in A16	5	
Print the Orlando city worksheet, landscape orientation, centered vertically and horizontally. Your report should fit on one page with no truncated data.	10	
Totals for Printout 4	30	
Printout 5	Points	Total Points
Sheet Name (Jacksonville) in the center section of header	5	
Inserted Contestant Number and Printout 3 in right section of footer	5	
Subtitle changed to Jacksonville Profits	5	
Macro "Parent Company Address" shows in A16	5	
Print the Jacksonville city worksheet, landscape orientation, centered vertically and horizontally. Your report should fit on one page with no truncated data.	10	
Totals for Printout 5	30	
Printout 6		
Sheet Name (Pivot_Chart) in the center section of header	5	
Inserted Contestant Number and Printout 6 in right section of footer	5	
Pivot chart includes Include Brand and Potential Profit for the data	20	
No chart title	5	
Field buttons are hidden off the chart	5	
Sum of Potential is displayed as % with no decimal places	10	
Brands are listed in column format in cells A1:I3	10	
Chart is resized to fit in cells A6:I19	10	
Print the Pivot Chart worksheet landscape orientation with row and column headings. (all or nothing)	10	
Totals for Printout 6	80	
Printout 7	Points	Total Points
Macro Named Address Block	10	
Applied keyboard shortcut of CTRL j	10	
Data matches key	10	
Print a copy of the visual basic of the data macro.	10	
Total Printout 7	40	
TOTAL	450	

Gracie's Hair Care specializes in hair care products. The company has three stores in Miami, Orlando and Jacksonville. The corporate office is in Tampa. The corporate officers use a master sheet to create a profit potential analysis workbook. The workbook contains four sheets, one for each of the three stores and one sheet to consolidate data and determine company totals.

Start a new Excel spreadsheet file and save as: 235_ContestantNumber in the location specified by the proctor.

Type in the following information below in Worksheet 1 and rename the sheet tab to Consolidated:

	A	B	C	D	E	F	G	H
1	Gracie's Hair Care							
2	Potential Profits							
3								
4	Brand	Units on Hand	Store Discount	Average Cost	Total Cost	Average Unit Price	Total Value	Potential Profit
5	A&G			\$98.75				
6	Kenra			127.45				
7	Aquage			118.75				
8	Matrix			101.48				
9	Paul Mitchell			135.27				
10	Redken			165.8				
11	Biometrix			110.25				

Formatting

- A1 title change to 24 points, merge and center through H and Gray 25% fill.
- A2 subtitle change to 18 points, merge and center through H and Gray 25% fill.
- A1:H2 apply a thick box border
- A4:H4 apply heading 3 style and center align
- A12:H12 apply total cell style
- C5:H5 Currency style

Formulas

- E5 calculate total cost for each brands Unit on Hands
- F5 type in the formula =ROUND(D5/(1-0.32),2)-C5
- G5 create formula to calculate Total Value of each Unit on Hands (use Average Cost in formula)
- H5 create formula to calculate Potential Profit using the Total Cost and Total Value
- Select E5:H5 and copy formulas down through E11:H11
- Use the SUM function in B12, E12, G12 and H12

Workbook Setup

- Add three more worksheets and then copy the content of the Consolidated worksheet to three empty sheets after the Consolidated sheet tab.
- Rename the sheet tabs from left to right Miami, Orlando and Jacksonville.
- On each of the three stores' sheets, change the subtitle in cell A2 to match the sheet tab name.

Enter the data into the three remaining store sheets using the currency format as shown:

Miami		Units on Hand	Store Discount
	A&G	100	\$35.00
	Kenra	119	0.00
	Aquage	135	15.00
	Matrix	180	35.00
	Paul Mitchell	255	60.00
	Redken	179	10.00
	Biometrix	201	50.00
Orlando		Units on Hand	Store Discount
	A&G	75	\$35.00
	Kenra	135	15.00
	Aquage	200	30.00
	Matrix	146	10.00
	Paul Mitchell	90	0.00
	Redken	175	25.00
	Biometrix	225	60.00
Jacksonville		Units on Hand	Store Discount
	A&G	196	\$50.00
	Kenra	101	15.00
	Aquage	298	35.00
	Matrix	159	0.00
	Paul Mitchell	210	25.00
	Redken	325	55.00
	Biometrix	259	55.00

Formulas

- On the Consolidated Sheet use a 3-D reference to total cells B5:B11 from all three stores
- On the Consolidated Sheet use a 3-D reference to average cells C5:C11 from all three stores
- Best fit all the columns
- Apply comma style to cells C6:C11 and E6:H11 on all worksheets
- On the Consolidated Sheet, in A13 type Rounded Total and in cell B13 use the Round function to round the Total Units on Hand to the nearest 100

Pivot Chart

- On the Consolidated Sheet select A4:H11 and create a Pivot Chart on a new worksheet named Pivot_Chart
- Include Brand and Potential Profit for the data
- Remove the chart title and apply chart style 3
- Hide all field buttons on chart
- Show the Potential Profit values at a % of the Grand Total with zero decimal places
- Change Brand Axis to a Legend Field Series
- Size the chart to fit in cells A6:I19

Macro

Create a macro named Address Block and use the shortcut key CTRL+j to execute the macro.

- Record a macro named Address Block that will allow you to hit CTRL+j to set the text.
 - Make sure the “store macro in” box displays this workbook.
 - Use the description Parent Company Address
 - Create the macro to print the name of the company and address.
 - Gracie's Hair Care
 - 245 Sunny Lane
 - Tampa, Florida 33601
 - Format parent company address to 16 points, Bold, Italicize with 25% gray fill and thick box border
- Execute the macro on the Miami, Orlando, and Jacksonville worksheets in cell A16 using the shortcut key.

Print the following worksheets; adjust printout footer numbers as needed

Printout 1

- Consolidated worksheet in landscape orientation, centered vertically and horizontally. Your report should fit on one page with no truncated data.

Printout 2

- Show formulas from Consolidated worksheet
- Print out the page, landscape orientation, centered vertically and horizontally. Your report should fit on one page with no truncated data.

Printout 3, 4 & 5

- Print the three city worksheets, landscape orientation, centered vertically and horizontally. Your report should fit on one page with no truncated data.

Printout 6

- Print the Pivot Chart worksheet landscape orientation with row and column headings.

Printout 7

- Print a copy of the visual basic of the data macro.
