JOB 3 – Presentation

Prepare a presentation of six slides to be used by Mr. Rosen at a PBA meeting Monday next week. Use graphics and fonts for interest. The presentation should have a consistent theme. Include the following information. Print the slides, 2 per page, for Mr. Rosen's approval. Add a footer to the handouts with your contestant number and job number, correct any spelling errors you find.

Slide 1: Life or Debt: Tips on Saving and Investing, Presented by Mr. Rosen – add title

Slide 2: What is Saving?

Savings is the portion of income not spent on current expenditures. Because a person does not know what will happen in the future, money should be saved to pay for unexpected events or emergencies. An individual's car may breakdown, their dishwasher could begin to leak, or a medical emergency could occur. Without savings, unexpected events can become large financial burdens.

Slide 3: What is Investing?

Investing is also about making priorities for your money. Spending is easy and gives instant gratification—whether the splurge is on a new outfit, a vacation to some exotic spot or dinner in a fancy restaurant. All of these are wonderful and make life more enjoyable. But investing requires prioritizing our financial futures over our present desires.

Slide 4: Saving Tips for Teens

- Pay Attention to your minutes and texts
- Start saving early and often
- Pack your own lunch – it's cheaper
- Educate yourself about saving and investing

Slide 5: Start Saving Early for the Future

- Use the Internet and Financial Institutions to determine the following:
 - How do I get started?
 - How much money should I invest?
 - What should I invest into?
 - What is the risk?

Slide 6: Investment Practice:

Try This:

Create a fantasy account of \$10,000 and track different investments for a year. This is a great way to learn how investments work without any financial risk on your end.
