Property of Business Professionals of America.
May be reproduced only for use in the Business Professionals of America
Workplace Skills Assessment Program competition.

GENERAL INSTRUCTIONS

1. Use the Scantron scoring sheet provided for the objective portion of the test.
2. Make certain this test booklet contains the Parts I-II.
3. Key Part II according to the instructions given.
4. Correct any obvious keyboarding errors and incorporate any editing notations.
5. Correct any errors in formatting. Use formatting shown in the *Style & Reference Manual*.
6. For any problem where you would normally key your reference initials, key your contestant number. Your name or initials should *not* appear on any work you submit.
7. Key your contestant number and job number as the footer in the lower left-hand corner of all work submitted unless otherwise specified.

Example: 

8. If you finish before the end of the allotted testing time, notify the proctor. Time may be a factor in determining a winner when there is a tie score.
9. When turning in your materials, place your scoring sheet on top of your jobs. The jobs should be arranged in numerical order.

Production Standards	
0 errors	100 points
1 error	90 points
2 errors	70 points
3 errors	50 points
4+ errors	0 points

Part IV: SOAP Documentation – 100 points

Directions:

Please prepare the following medical document using proper SOAP formatting as shown in the *Style & Reference Manual*. Use today's date as the date of transcription; use yesterday's date for dictation. Number items in the PLAN. Correct any misspelled words

Patient: Grace Montgomery (Female)
Attending Doctor: Roger Melina, M.D.
Date of Birth: 05/16/1983
Date of Exam: 03/25/2017

SUBJECTIVE:

The patient is complaining of itching and a rash that began about 3 weeks ago, starting on the hands and arms and then spreading to the chest and back. She is currently taking Benadryl at bedtime with little relief. She stated that she has tried a new perfume after her shower for the passed 3 or 4 days.

OBJECTIVE: VITAL SIGNS:

Temperature, 98.6 degrees; blood pressure 140/74, weight 145, height 5 feet 6 inches, heart rate 74, respiration 22.

SKIN: Ms. Montgomery has a smooth, erythematous rash over her neck extending over her trunk and back, as well as a spot on her lower back. She has a confluent, erythematous rash extending to fingertips on her upper extremities. Wheals with petechiae are noted in the antecubital fossae bilaterally.

ASSESSMENT: Contact dermatitis, secondary to allergy perfume.

PLAN:

Avoid use of any perfume or perfumed soap.
Wash or dry-clean all clothing and linens exposed to suspected perfume
Take Diphenhydramine (Benadryl) 25 mg q6h x 3 days.
