Property of Business Professionals of America.
May be reproduced only for use in the Business Professionals of America
Workplace Skills Assessment Program competition.

General Instructions

1. Put your contestant number and printout number in the left section of the footer on each printout. Your name or initials should **NOT** appear on any work you submit.
2. If you finish before the end of the testing time, notify the proctor. Time may be a factor in determining the winner in the event of a tie.
3. When turning in your contest, the jobs should be arranged in printout order.

Job 1 – Spreadsheet w/formulas	Points	Total
Data inputted correctly (follows production standards) 0 errors - 100 points, 1 error - 90 points, 2 errors - 70 points, 3 errors – 50 points, 4+ errors – 0 points	100	
Job #--Contestant # in footer	5	
Title of table is all caps and bold	5	
Column headings bold and centered OR left aligned	5	
Dollar signs on 1 st row and total row ONLY	10	
Bold bottom total row	5	
Numbers right aligned, Text left aligned	10	
Cells merged as appropriate	5	
Totals are correct	10	
Table centered vertically and horizontally	5	
Formula and normal view printed	10	
Subtotal	170	
Job 2 – Memo w/table	Points	Total
Data inputted correctly (follows production standards) 0 errors - 100 points, 1 error - 90 points, 2 errors - 70 points, 3 errors – 50 points, 4+ errors – 0 points	100	
Job #--Contestant # in footer	10	
Top and bottom margins at 1”	10	
MEMORANDUM all caps 16 pt bold	10	
Memo headings bolded	10	
Table inserted correctly	10	
Mobile Chromebook Cart new total reflected	10	
HP Chromebook 13 new total reflected	10	
Multifunctional Printers new total reflected	10	
Total Proposed Technology 1 – 1 Package new total reflected and bolded	10	
Table centered horizontally	10	
Subtotal	200	

Job 3 – Spreadsheet Table	Points	Total
Data inputted correctly (follows production standards) 0 errors - 100 points, 1 error - 90 points, 2 errors - 70 points, 3 errors – 50 points, 4+ errors – 0 points	100	
Job #--Contestant # in footer	5	
Title of table is all caps and bold	5	
Column headings bold and center or left align	5	
Numbers right aligned, Text left aligned	10	
Cells merged as appropriate	5	
Totals are correct for Price Column	10	
Table centered vertically and horizontally	5	
Subtotal	145	
Job 4 – Merged Letter	Points	Total
Data inputted correctly (follows production standards) 0 errors - 100 points, 1 error - 90 points, 2 errors - 70 points, 3 errors – 50 points, 4+ errors – 0 points	100	
Job #--Contestant Number in footer	10	
First page margin 2”, Second page top margin and side margins 1”	10	
Correct Memo format	10	
Inserted Charts	10	
Contestant # as initials	10	
Chart 1 Formatted Correctly	40	
Chart 2 Formatted Correctly	40	
Subtotal	230	
Total	745	

Job 1

As an Administrative Assistant for Professional Business Associates, you have been asked to outline the main items in a technology proposal for the 1 device to 1 student initiative of Any Town Middle School in Ohio. Create a spreadsheet with the following information for this 5A school to be used as a guide for other schools in the area when implementing this technology upgrade. Use the approved PBA formatting for a table with borders formatted within spreadsheets. Create formulas to calculate the total for each item and provide a total cost for the proposed package. For the formatting, use currency formatting with no decimals. Include dollar signs only on the top row and for the totals. Bold the final total row. Save the file for use in Job 2.

PBA Technology Proposal for Any Town Middle School

Product	Description	Quantity	Cost	Total Cost
Mobile Chromebook Cart	Mobile Chromebook cart includes docking/charging stations for 32 Chromebooks	90	750	
HP Chromebook 13	Touchscreen, 11 hours battery life, USB-C ports	3,000	499	
Multifunctional Printers	Copy, Print, Scan to Google Drive	5	1500	
Total Proposed Technology 1-1 Package				

Insert a footer in the bottom left corner- Job 1—Contestant #.

**Print the table centered vertically and horizontally and print a formulas page (no centering).

Job 2

Using the information from Job 1, make the following edits: Change quantity of Mobile Chromebook Cart from 90 to 55. Change the quantity of HP Chromebook 13 required to fill the carts with each cart holding 30. Increase the number of Multifunctional Printers to 7. Your totals should reflect the new edits. Follow the correct formatting according to your *Style & Reference Manual*.

Blakely Pate, PBA Sales Manager, would like you to send the proposal in a memo to Anish Patel, Technology Director for Any Town Middle School. Use the current date and create an appropriate subject line. Use your contestant number in place of your initials. Insert the edited proposal into the memo. Use the approved PBA formatting for a table with borders. Adjust columns as needed. Insert a footer with Job 2—Contestant # in the bottom left corner.

**Print the memo with the inserted chart.

Job 2 Memo text below:

Thank you for meeting with me to discuss your technology needs at Any Town Middle School. I know that Professional Business Associates can provide you with the equipment and support that will take your school forward and provide your students with the 1 device per 1 student technology initiative you are hoping to implement in the next 3 years.

As discussed, I am outlining the items and pricing you requested. A formal proposal will follow but I did want to recap our visit to verify that everything is correct for the student population you are projected to have at Any Town Middle School in 3 years.

PBA Technology Proposal for Any Town Middle School

<<Insert table from Job 1 with edits listed in this job>>

I look forward to working with you. Please contact me if you have any additional questions at pateb@pba.com or 555-555-5555.

Job 3: Spreadsheet Table

- ✓ Create a spreadsheet table using the following information
- ✓ Use 12 pt. Times New Roman for all data and 14 pt. Times New Roman for the title
- ✓ Merge and center the title over the data
- ✓ Bold all titles and column headings
- ✓ Right align column headings over numbers (do not wrap headings)
- ✓ Add inside borders and a thick outside border to the data
- ✓ Sort the table by Chromebook Model Price in ascending order
- ✓ Put your contestant # and job # in a left-aligned foot
- ✓ Create a new Column to calculate the cost of the Chromebook if these models were ordered in Job 2 instead of the HP Chromebook 13. Use the Column Project Cost.

Chromebook Models

Model	Good Points	Cons	Price
HP Chromebook x2	Best Overall	Heavy	\$599
Samsung Chromebook Pro	Stylus Support	Cramped Keyboard	\$449
Dell Inspiron Chromebook 11 2-in-1	Long Battery Life	Not Powerful	\$239
Google Pixel book	Best for Business	Poor Audio	\$999
Asus Chromebook Flip	Great Tablet Mode	Poor Speakers	\$449
Acer Chromebook Spin 13	Premium Finishes	Price	\$755
Acer Chromebook Spin 11	Price	Dim Screen	\$325
Acer Chromebook 15	Battery Life	Trackpad feels slow	\$179
Acer Chromebook R11	Convertible	HD Only Display	\$279
HP Chromebook 14	Screen Image & Keyboard	Battery Life Average	\$249
HP Chromebook 13	Super Thin	No Touchscreen	\$449

Job 4 – Memorandum with Chart

Blakely Pate needs a chart with the following data to include in her presentation to the Anish Patel. Use the Chromebook Models and Units Costs in Job 3 to create a line chart and include it in a memo with the Subject line Chromebook Model Options for 1 to 1 Technology Initiative. Use the Chromebook Models and Projected Costs in Job 3 to create a Bar Chart and include it as well in the memo.

Create a Line Chart with the legend using style 5. Display Data labels and position on top of data points. For the purpose of this memo, leave the border around the chart. Center the chart in the memo.

Create a Bar Chart with the legend using style 5. Display Data labels and format the axis numbers to have zero decimals places, and not to have the currency symbol. For the purpose of this memo, leave the border around the chart. Center the chart in the memo.

As discussed in our last discussion, we have researched out other Chromebook Models for your school to consider in the 1 student to 1 device Technology Initiative that your school is considering. As you can see the price does vary depending on what options you need the Chromebooks to have. There are pros and cons of each model, so Professional Business Associates would recommend asking your school stakeholders for feedback on what needs and wants are to be considered.

<<Insert bar chart from Job 3 here>>

After looking and comparing the various model features, prices, pros and cons, we would really recommend that your school consider the one of the following models: Acer Chromebook Spin 11, Samsung Chromebook Pro, Asus Chromebook Flip, or HP Chromebook 13. They are all comparable in price and features, and will not deplete the bonds and grants your school will be using to implement this initiative.

<<Insert Line Chart from Job 3 here>>

I look forward to working with you. Please contact me if you have any additional questions at pateb@pba.com or 555-555-5555.
