PRESENTATION MANAGEMENT-TEAM (560)

STATE 2021

Description

Assess use of current desktop technologies and software to prepare and deliver an effective multimedia presentation.

Topic

The majority of student internships were impacted this past year due to COVID-19. According to the National Association of Colleges and Employers, approximately 80 percent of employers nationwide made the decision to modify, rather than eliminate, their summer internship programs by making them virtual/remote, shortening them, or both. As students interested in pursuing internships this year, research and prepare a compelling presentation for a local company describing how they can successfully provide students with engaging, meaningful internship experiences in a remote setting.

Things to consider, but not limited to, include:

- Innovative virtual/remote strategies appropriate for a small business:
 - financial considerations
 - legal implications
 - technology factors
 - exposure to company culture
 - onboarding strategies
- Advantages and disadvantages of each strategy presented
- Limit the presentation to the strategies only; not to specific companies that provide products or services
- Use data to support the presentation recommendations
- Follow Copyright Guidelines when using company logos and likenesses

Teams who do *not* submit an entry that follows this topic will be *disqualified*.
