Job 3: Chart/Graph _____ (120 points)

Job 4: Letter _____ (130 points)

Job 5: Workout Punch Card _____ (100 points)

TOTAL POINTS _____ ***(600 points)***

Test Time: 90 minutes

General Instructions

Failure to adhere to any of the following rules will result in disqualification:

1. Member must hand in this test booklet and all printouts if any.
2. No equipment, supplies, or materials other than those specified for this event are allowed in the testing area. No previous BPA tests and/or sample tests (handwritten, photocopied, or keyed) are allowed in the testing area.
3. Electronic devices will be monitored according to ACT standards.

EXAM GUIDELINES:

1. Ensure this test booklet contains Jobs 1 – 5.
2. Key all jobs according to the instructions given.
3. Correct any and all formatting, spelling or grammar errors. Use the formatting guide in the *Style & Reference Manual*.
4. Your name or initials should *not* appear on any work you submit. Use your Member ID in any occasion you would normally key your reference initials.
5. In the lower **right** hand corner of ALL work submitted (unless otherwise specified), key your Member ID and job number.
6. If you complete the event before the end of the time allotted, notify the proctor. Time may be considered a factor in determining a winner when there is a tie score.
7. Place your scoring sheet on top of your jobs. Jobs should be placed in numerical order.

PRODUCTION STANDARDS	
0 Errors	100 Points
1 Error	90 Points
2 Errors	70 Points
3 Errors	50 Points
4+ Errors	0 Points

TEAM INSTRUCTIONS

Congratulations! Your Administrative Support Team has been selected to complete a series of projects for the corporate headquarters of Digital Solutions, 700 Morse Road, Suite 201, Columbus OH 43214. Telephone: 614.555-5555. The team reports to Julie Smith in the Human Resources Department. Digital Solutions wants your team to promote our new gym for our employer—***Amber's Daily Workout***, which will be a much-needed benefit to help employees get their health and exercise in order; which will, in turn, lower health insurance costs. Julie has asked your team to complete the following tasks (Jobs) within the next 90 minutes for the new gym and fitness center—***Amber's Daily Workout***—at Digital Solutions.

	Has 25 punch items	0-10 points	
	Half Sheet – (8 ½” x 5 ½”)	0-5 points	
		Total	/100
TOTAL POINTS		Points	/600

JOB 1 – Report – 100 Points

Please key the following report for Julie Smith to be sent to Roger Meyer using proper format following the *Style & Reference Manual*. When completed, print the report.

The Top 5 Benefits of Regular Exercise

Exercise is defined as any movement that makes your muscles work and requires your body to burn calories.

There are many types of physical activity, including swimming, running, jogging, walking, and dancing, to name a few.

Being active has been shown to have many health benefits, both physically and mentally. It may even help you live longer.

Here are the top 10 ways regular exercise benefits your body and brain.

1. It can make you feel happier. Exercise has been shown to improve your mood and decrease feelings of depression, anxiety, and stress. It produces changes in the parts of the brain that regulate stress and anxiety. It can also increase brain sensitivity for the hormones serotonin and norepinephrine, which relieve feelings of depression. Exercising regularly can improve your mood and reduce feelings of anxiety and depression.
2. It can help with weight loss. While dieting, a reduced calorie intake will lower your metabolic rate, which can delay weight loss. On the contrary, regular exercise has been shown to increase your metabolic rate, which can burn more calories to help you lose weight. Exercise is crucial to supporting a healthy metabolism and burning more calories per day. It also helps you maintain your muscle mass and weight loss.
3. It is good for your muscles and bones

Exercise plays a vital role in building and maintaining strong muscles and bones.

Activities like weightlifting can stimulate muscle building when paired with adequate protein intake. As people age, they tend to lose muscle mass and function, which can lead to an increased risk of injury. Practicing regular physical activity is essential to reducing muscle loss and maintaining strength as you age. Physical activity helps you build muscles and strong bones. It may also help prevent osteoporosis.

4. It can increase your energy levels

Exercise can be a real energy booster for many people, including those with various medical conditions. One older study found that 6 weeks of regular exercise reduced feelings of fatigue for 36 people who had reported persistent fatigue. Engaging in regular physical activity can increase your energy levels. This is true even in people with persistent fatigue and those with serious health conditions

5. It can reduce your risk of chronic disease

Lack of regular physical activity is a primary cause of chronic disease. Regular exercise has been shown to improve insulin sensitivity, heart health, and body composition. It can also decrease blood pressure and cholesterol. Daily physical activity is essential to maintaining a healthy weight and reducing the risk of chronic disease.

Exercise offers incredible benefits that can improve nearly every aspect of your health from the inside out.

Regular physical activity can increase the production of hormones that make you feel happier and help you sleep better.

It can also improve your skin's appearance, help you lose weight and keep it off, reduce the risk of chronic disease, and improve your sex life.

Whether you practice a specific sport or follow the guideline of 150 minutes of activity per week, you will inevitably improve your health in many ways.

Job 2 – Table/Graphic – 150 Points

Prepare an attractive table/graphic to be used in our promotion and advertising with the following information:

- Title: Types of Exercise
- Subtitle: Moderate-intensity to Vigorous-intensity
- Place information in two columns.
- Insert bullets before each type of exercise.
- Make the graphic attractive and easy to read.

Be sure to check over completed flyer for spelling and grammar errors. Print a draft to be sent to Julie Smith for approval.

Use your creativity in the design and integrate such features as:

- Border
- Lines

Moderate-intensity Physical Activity (Approximately 3-6 METs) Requires a moderate amount of effort and noticeably accelerates the heart rate.	Vigorous-intensity Physical Activity (Approximately >6 METs) Requires a large amount of effort and causes rapid breathing and a substantial increase in heart rate.
Examples of moderate intensity exercise include: Brisk walking Dancing Gardening Housework and domestic chores Traditional hunting and gathering Active involvement in games and sports with children / walking domestic animal General building tasks (e.g. roofing, thatching, panting) Carrying / moving moderate loads <20 kg	Examples of vigorous-intensity exercise include: Running Walking / climbing briskly up a hill Fast cycling Aerobics Fast swimming Competitive sports and games (e.g. Traditional Games, Football, Volleyball, Hockey, Basketball) Heavy shoveling or digging ditches Carrying / moving heavy loads >20kg

Job 3 – Chart – 120 Points

Please prepare a line chart showing the following exercise and pulse rate for each person. Include a title on the chart: Exercise and Pulse Rates, and use the current date in the heading. Be sure to include a legend on your chart.

Day	Vicki	Roger
1	64	80
2	80	96
3	144	112
4	80	94
5	75	80

JOB 4 – Letter – 100 Points

Please prepare a business letter to be sent to the Atlas Corporation, 1500 Westminster Drive, Chicago, Illinois 60607, to order the following items for our new fitness center. Use today's date on the letter. The order letter is from Julie Smith. Please arrange the items in correct alphabetical order. A table without borders would look nice to display the items ordered. Please add the totals for each item and figure an overall amount for all equipment ordered.

Digital Solutions is pleased to announce that we are establishing a new fitness and exercise center for our employees. The new center is called "Amber's Daily Workout". At this time, we would like to order the following pieces of equipment for our center:

Workout Item	Cost	Quantity	Total
Treadmill	\$1,099	5	
Yoga Mat	\$39.99	50	
Workout Bench	\$278.85	10	
Exercise Bike	\$1,500	5	
Rowing Machine	\$2,199	3	

Thank you very much. We look forward to receiving this order as soon as possible. In the meantime, if you have any questions, please contact us. We look forward to doing business with you again in the future as we stock our new fitness center.

JOB 5 – Workout Punch Card – 100 Points

Digital Solutions would like to recognize those employees who have worked out for a period of 25 sessions or more and would like for your team to prepare a punch card, which can be punched each time an employee works out. After collecting 25 punches, the employee will get a \$25 gift card of their choice.

Here are the details:

- Half Sheet – (8 ½” x 5 ½”)
- Use one or more of the provided graphics
- Have 25 items to punch on card—one for each visit
- Optional: Borders, enhancements to graphics and text, and others

Please your creativity and design to prepare an attractive punch card. When finished, print.
