

ADMINISTRATIVE SUPPORT RESEARCH PROJECT

(260)

NATIONAL 2022

Description

One administrative support topic is selected by the National Center and provided at the beginning of the school year. Contestants will conduct research on the topic and present findings in a research paper, an oral presentation, and respond to questions from a panel of judges.

Topic

Advancements in technology, artificial intelligence, machine learning and robotics are creating a workforce that needs to be increasingly more intelligent, aware and understanding of the progressions being made. How can a business professional ensure that they stay on top of the latest technologies in today's world?

Contestants who do *not* submit an entry that follows this topic will be *disqualified*.

JUDGING PROCEDURE

- As a team of judges, formulate two to three questions to ask at the conclusion of the presentation. Be sure to ask the same questions of each contestant.
- Set-up time will be no more than three (3) minutes.
- The length of the presentation will be no more than seven (7) minutes; followed by judges' questions not to exceed five (5) minutes.
- Excuse contestants upon completion of judges' questions.
- **There can be no ties in the top ten (10) contestants.** It is the responsibility of the judges to break any ties.
- Administrator will fill out ranking sheet prior to dismissing the judges.
- If more than one (1) section is necessary, finalists will be determined by selecting an equal number from each section.
- Give administrator all Judges' Rating Sheets, Judge Evaluation Sheets and contest materials.
- No audience is allowed in the contest room.

Please double-check and verify all scores!
