

INTEGRATED OFFICE APPLICATIONS (215)

STATE 2022

Production:

Job 1: Spreadsheet	_____ (170 points)
Job 2: Chart	_____ (140 points)
Job 3: Letter with Chart	_____ (130 points)
TOTAL POINTS	_____ (450 points)

Test Time: 90 minutes

GENERAL GUIDELINES:

Failure to adhere to any of the following rules will result in disqualification:

1. Member must hand in this test booklet and all printouts if any. Failure to do so will result in disqualification.
2. No equipment, supplies, or materials other than those specified for this event are allowed in the testing area. No previous BPA tests and/or sample tests (handwritten, photocopied, or keyed) are allowed in the testing area.
3. Electronic devices will be monitored according to ACT standards.

EXAM GUIDELINES:

1. Ensure this test booklet contains Jobs 1-3.
2. Key all jobs according to the instructions given.
3. Correct any and all formatting, spelling or grammar errors. Use the formatting guide in the *Style & Reference Manual*.
4. Your name or initials should *not* appear on any work you submit. Use your Member ID in any occasion you would normally key your reference initials.
5. In the lower **right** hand corner of ALL work submitted (unless otherwise specified), key your Member ID and job number.
6. If you complete the event before the end of the time allotted, notify the proctor. Time may be considered a factor in determining a winner when there is a tie score.
7. Place your scoring sheet on top of your jobs. Jobs should be placed in numerical order.

PRODUCTION STANDARDS	
0 Errors	100 Points
1 Error	90 Points
2 Errors	70 Points
3 Errors	50 Points
4+ Errors	0 Points

<i>Job 1 – Spreadsheet</i>	<i>Possible Points</i>	<i>Points Awarded</i>
Data inputted correctly (follows production standards) 0 errors - 100 points, 1 error - 90 points, 2 errors - 70 points, 3 errors – 50 points, 4+ errors – 0 points	100	
Landscape Orientation (All data fits to one page)	10	
Column Titles formatted correctly in A1 & A2	10	
Style Heading 2 for the column titles of the table, Centered	10	
Correct Formula visible for Total Sales in row 8	10	
Correct Formula visible for Percentage of Total Sales in Columns C & F	10	
All Numbers formatted Correctly (All or Nothing)	10	
Member ID and Job # in right footer	10	
Job 1 Total	170	
<i>Job 2 – Chart</i>	<i>Possible Points</i>	<i>Points Awarded</i>
Data inputted correctly (follows production standards) 0 errors - 100 points, 1 error - 90 points, 2 errors - 70 points, 3 errors – 50 points, 4+ errors – 0 points	100	
2D Chart Style 1 Created	10	
Title of Chart formatted Correctly (Font Style Times New Roman, Size 32, Color Dark Blue Text 2)	10	
Data Labels on Chart, Times New Roman, Size 18	10	
Member ID and Job # in right footer	10	
Job 2 Total	140	
<i>Job 3 – Letter with Chart</i>	<i>Possible Points</i>	<i>Points Awarded</i>
Letter (follows production standards) 0 errors - 100 points, 1 error - 90 points, 2 errors - 70 points, 3 errors – 50 points, 4+ errors – 0 points	100	
Pie Chart inserted in letter correctly	10	
Member ID and Job # in footer	10	
Letter printed	10	
Job 3 Total	130	
TOTAL	440	

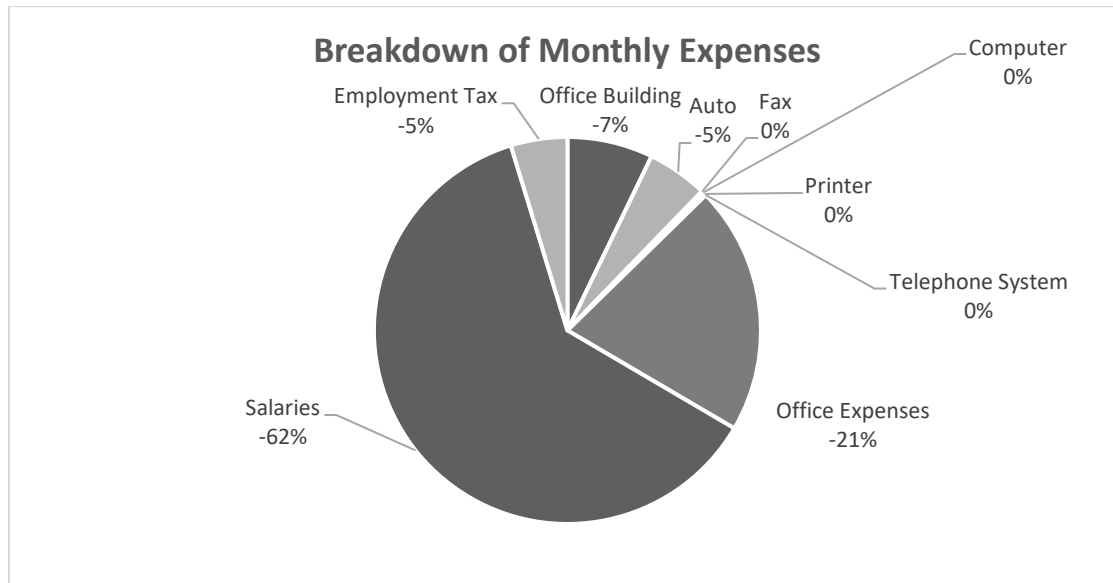

Job 1: Spreadsheet

1. Create a spreadsheet with the following data:

	A	B	C	D	E	F
1	Description	Cost	Rate	Life	Cash	Net
2	Office Building	123,873.00	6.2%	30		
3	Auto	28,582.00	4.8%	5		
4	Fax	286.55	8.0%	5		
5	Computer	1,283.00	8.0%	8		
6	Printer	865.00	8.0%	5		
7	Telephone System	426.00	7.0%	8		
8	Office Expenses	2,200.00				
9	Salaries					
10	Employment Tax					
11	Sales					
12	Profit					

1. In Cell B9, calculate the monthly salary from the annual salary of \$78,583.
2. B10, calculate the employment tax by multiplying the value in B9 by 7.65%
3. In Cell E2 use the payment function to calculate the monthly payment using the following parameters.
 - a. The Rate parameter is the Value in Cell C2 divided by 12
 - b. The Number of periods parameter is the value in Cell D2 times 12.
 - c. The Present Value parameter is the value in B2.
4. Replicate the formula in Cell E2 into cells E3 – E7.
5. In cell E8 insert the value of cell B8 preceded with a minus sign to make it a negative number, divide it by 12 and replicate the formula from cell E8 into Cells E9-E10.
6. In cell B11, use the absolute value (ABS) function with its parameter as the SUM function whose parameter is the range of cells E2-E10.
7. Copy the value in Cell B11 and Paste Special as a value of cell E11
8. Copy Cells E2 though E11 and Paste Special as values in cells F2 – F11
9. In cell E12 calculate the SUM of cells E2 – E11, and replicate the formula in Cell F12.
10. Use the Goal Seek with the following specifications:
 - a. Set Cell Parameter should be Cell F12
 - b. Set To Value parameter to 3,000
 - c. Set By Changing parameter to Cell F11

11. Format spreadsheet to be in Times New Roman font size 12.
12. Use Heading Style 2 in Row 1 titles.
13. Save sheet as Job 1.
14. Make sure to put Member ID and Job # in the right footer.
15. Ensure all data is visible and fits to one page.
16. Print the table in landscape orientation with your contestant number in the footer.
17. Print the table with Formulas showing in landscape orientation.

Job 2: Pie Chart

1. From the Spreadsheet in Job 1 create a Pie Chart to be used in Job 3.
2. Series 1 Values are Cells E2-E11 and Category Labels are Cells A2-A10.
3. For Data Labels, show category names and Percentage with NO Decimals.
4. Do not show a legend.
5. Use the title as show in upper/lowercase boldface type.
6. Use Style 1, with Monochromatic palette 7 for your chart.
7. Save the chart as an object in Sheet 1.
8. Place a border around your chart.
9. Make sure to put Member ID and Job # in the right footer
10. Print the Pie Chart and keep open for Job 3.

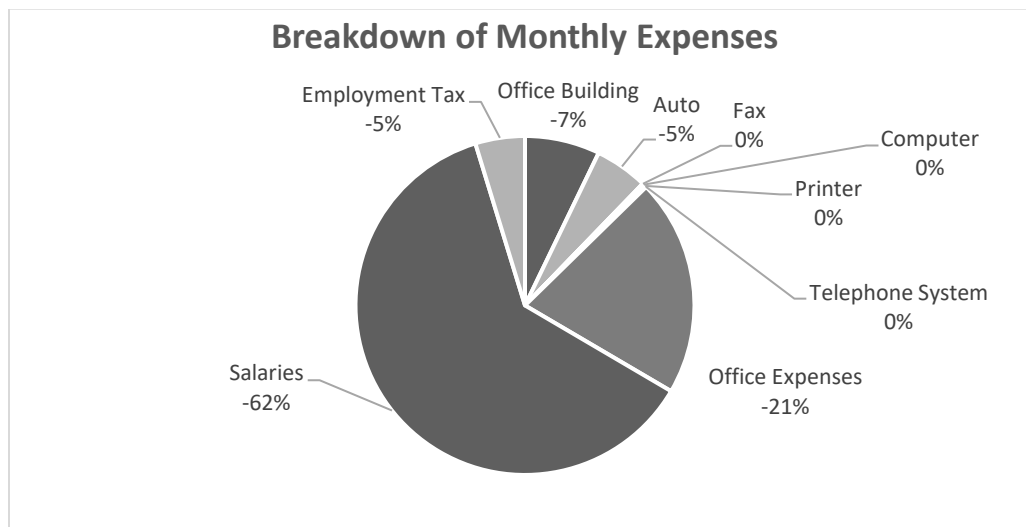

Job 3: Letter with Chart

Current Date

Harvey Rosen
Financial Services Department
700 Morse Road, Suite 201
Columbus, OH 43214

Dear Mr. Rosen:

The following chart shows the breakdown of the monthly expenses for your second proposed office based on values from companies that are in the area of the new **proposed** office and tabulated from your own office expenses. Please note that the monthly sales will need to exceed these expenses to make this office a possibility for our new expansion.

After reviewing these expenses, you might want to go through the spreadsheet that was compiled and attached to this letter to determine if the expenses that were estimated are out of line. If they are not, the opening of the second office may need to wait until the economy recovers from recent world events.

Sincerely,

Peter Pinkerman

Enclosure

c Nancy Wells
