

Member ID: _____

Time: _____

Rank: _____

INTEGRATED OFFICE APPLICATIONS (215)

NATIONAL 2023

Production (90 minutes)

Job 1: Spreadsheet _____ (200 points)

Job 2: Database _____ (100 points)

Job 3: Table _____ (100 points)

Job 4: Mail Merge Memo _____ (150 points)

TOTAL POINTS _____ ***(550 points)***

Industry Certification (50 minutes)

MOS PowerPoint Associate Certification

GENERAL GUIDELINES:

Failure to adhere to any of the following rules will result in disqualification:

1. No equipment, supplies, or materials other than those specified for this event are allowed in the testing area. No previous BPA tests and/or sample tests (handwritten, photocopied, or keyed) are allowed in the testing area.
2. Electronic devices will be monitored according to ACT standards.

EXAM GUIDELINES:

1. Ensure this test booklet contains Jobs 1-4.
2. Key all jobs according to the instructions given.
3. Correct any and all formatting, spelling or grammar errors. Use the formatting guide in the *Style & Reference Manual*.
4. Your name or initials should *not* appear on any work you submit. Use your Member ID on any occasion you would normally key your reference initials.
5. In the lower **right** hand corner of ALL work submitted (unless otherwise specified), key your Member ID and job number.
6. If you complete the event before the end of the time allotted, notify the proctor. Time may be considered a factor in determining a winner when there is a tie score.

PART ONE Instructions: Production

Once you have completed all four jobs listed below, upload all competition materials (including project files, etc.) to the National BPA Pre-submit System at presubmit.bpa.org.

IOA-Job1-MemberID.pdf

IOA-Job2-MemberID.pdf

IOA-Job3-MemberID.pdf

PRODUCTION STANDARDS	
0 Errors	100 Points
1 Error	90 Points
2 Errors	70 Points
3 Errors	50 Points
4+ Errors	0 Points

PART TWO Instructions: This exam requires the MOS PowerPoint Associate Certification. Please do not leave your seat or exit the room until you have completed the certification. After the certification has been administered, you are permitted to leave.

<i>Job 1 – Spreadsheet</i>	<i>Possible Points</i>	<i>Points Awarded</i>
Data input correctly (follows production standards) 0 errors – 50 points, 1 error – 45 points, 2 errors – 35 points, 3 errors – 25 points, 4+ errors – 0 points	50	
Column headings (A1:L1): bold, centered, bottom aligned, & wrap text	5	
Cells N1:O1 – merged & centered and bold	5	
Cells N2:N5 – comma style (no decimals)	5	
Cells O2:O5 – centered, Percentage style (no decimals)	5	
Cells A2:D7 – aligned left	5	
Cells E2:E7 – aligned center	5	
Cells F2:L2 – Accounting style	5	
Cells F3:L7 – Comma style	5	
Cell K8 – aligned right and bold	5	
Cell L8 – Accounting style and bold	5	
Member ID# and Job # in right footer	5	
Print in Landscape orientation and fit to one page	5	
Print with Formulas – print area D1:O8	5	
Gridlines, Row & Column heading showing	5	
Formulas correct (10 points each)	80	
Job 1 Total	200	
<i>Job 2 - Database</i>		
Report formatted as shown (including line under the labels)	20	
Employee ID# caption	5	
Gross Pay caption	5	
Deductions label centered over 401K MAX and Disability	5	
Gross Pay, 401K MAX, and Disability calculations correct	15	
Net Pay calculations correct	5	
Net Pay label and fields - bold	5	
In report footer, all calculations shown and correct (10 each)	40	
Job 2 Total	100	
<i>Job 3 – Table</i>		
Production Standards 0 errors – 100 points, 1 error – 90 points, 2 errors – 70 points, 3 errors – 50 points, 4+ errors – 0 points	100	
Job 3 Total	100	
<i>Job 4 – Mail Merge Memo</i>		
Production Standards 0 errors – 100 points, 1 error – 90 points, 2 errors – 70 points, 3 errors – 50 points, 4+ errors – 0 points	100	
Print with Merge Codes (show code for currency style)	25	
Print to Tom Carlson & Roger Meyer	25	
Job 4 Total	150	
TOTAL	550	

You have been hired as a Payroll Clerk in the Financial Services Department of Digital Solutions. Your supervisor, Harvey Rosen, would like you to prepare several different documents. Please follow the *Style & Reference Manual* for formatting where appropriate.

Job 1: Spreadsheet

1. Create the spreadsheet shown below:

	A	B	C	D	E	F	G	H	I	J	K	L	M	N	O
1	Last Name	First Name	Social Security Number	Emp ID#	Total Hours	Hourly Rate	Overtime Rate	Gross Pay	Federal Tax	FICA	Medicare	Net Pay		Federal Tax Rate	
2	Wells	Nancy	575-84-4578		53	\$ 21.00								1,000	11%
3	Rosen	Harvey	485-75-2845		52	20.00								1,500	13%
4	Carlson	Tom	585-74-9632		50	22.00								2,000	15%
5	Smith	Julie	124-58-7489		51	32.00								2,500	17%
6	Meyer	Roger	487-85-9684		41	47.00									
7	Renick	Edna	547-85-9528		53	45.00									
8												Total:			

2. Format the spreadsheet as follows:

- Bold and center the column headings (A1:L1)
 - All column headings should be Bottom aligned, and Wrap Text as shown in picture
 - Cells N1:O1 should be Merged and Centered and bold
 - Cells N2:N5 should be Comma style with no decimal places
 - Cells O2:O5 should be Centered with Percentage style and no decimals
 - Cells A2:D7 should be aligned left
 - Cells E2:E7 should be aligned center
 - Cells F2:L2 should be Accounting style
 - Cells F3:L7 should be Comma style
 - Cell K8 should be aligned right and bold
 - Cell L8 should be Accounting style and bold
- Create a formula for Emp ID# (column D) that combines the first three letters of the last name, the first three letters of the first name, and the last four numbers of the social security number. The formula should also force the Emp ID# to be uppercase. For example, the Emp ID# for Nancy Wells should be: WELNAN4578
 - Create a formula for Overtime Rate (column G) that shows the Overtime Rate for each employee. All employees earn Overtime at time-and-a-half.
 - Create a formula for Gross Pay (column H) that calculates the Gross Pay.
 - Create a formula for Federal Tax (column I) that calculates the tax based on the Federal Tax Rate table and the Gross Pay. (You must use a VLookup formula and Absolute Cell References)
 - Create a formula for FICA (column J) that calculates the FICA taxes. The FICA tax rate is 6.2%.
 - Create a formula for Medicare (column K) that calculates the Medicare taxes. The Medicare tax rate is 1.45%.
 - Create a formula for Net Pay (column L) the calculates the Net Pay for each employee.
 - Create a formula in Cell L8 that calculates the total Net Pay for all employees.
 - Enter your Member ID# and Job 1 in the right footer.
 - Print the worksheet in Landscape Orientation. It should all fit on one page.

Job 1: Spreadsheet (continued)

13. Set the Print Area for Cells D1:O8.

14. Print the worksheet with the formulas showing. Print with the Gridlines and Row & Column headings showing. Make sure all formulas are shown.

Job 2: Database

1. Import that data from Job 1 into a database. You will have more data than you need—so, only keep the following fields: Last Name, First Name, Social Security Number, Emp ID#, and Hourly Rate. Save the table as: **Payroll Info – XXXXX**
2. Create three new calculated fields:
 - a. Yearly Pay (hourly rate * 40 hours * 52 weeks)
 - b. 401K MAX (5% of yearly pay)
 - c. Disability (IF yearly pay is >50,000 then \$2,000, otherwise \$1,000)
3. Create a report based on the Payroll Info – XXXXX table. The report should be similar to the report shown below:

Payroll Report - XXXXX

Employee ID#	Gross Pay	Deductions		Net Pay
		401K MAX	Disability	
MEYROG9684				
RENEDN9528				
SMIJUL7489				
CARTOM9632				
WELNAN4578				
ROSHAR2845				

- a. Use the Caption ‘Employee ID#’ instead of EMP ID# on the report.
 - b. Use the Caption ‘Gross Pay’ instead of Yearly Pay on the report.
 - c. Insert the label ‘Deductions’ and center it over the 401K MAX and Disability columns.
 - d. The amounts for Gross Pay, 401K MAX, and disability should be shown for each Employee ID#.
 - e. Create a calculated field, Net Pay, that calculates the Net Pay based on the Gross Pay and Deductions shown on the report. Bold the Net Pay label and fields.
 - f. In the Report footer, create a label that shows all the calculations made in the database. Label each calculation as shown below:
 - Yearly Pay:
 - 401K MAX:
 - Disability:
 - Net Pay:
4. Print the report.

Job 3: Table

Mr. Rosen would like you to key the following Table (without borders) using your *Style & Reference Manual*. The title of the table is: Digital Solutions. The subtitle is: Tax Tables.

Rate	Income For Unmarried Individuals		Income For Married Individuals	
10%	\$0	\$10,275	\$0	\$20,550
12%	10,275	41,775	20,550	83,550
22%	41,775	89,075	83,550	178,150
24%	89,076	170,050	178,150	340,100
32%	170,050	215,950	340,100	431,900
35%	215,950	539,900	431,900	647,850

1. Use Wrap Text to make the column headings smaller. Force 'Unmarried Individuals' and 'Married Individuals' to be on the second line.
2. Merge the 'Income for...' column headings (as shown).
3. Place your Member ID# and Job 3 in the right footer.
4. Print the table.

Job 4: Mail Merge Memorandum

Mr. Rosen would like you to key the following Mail Merge Memorandum using your *Style & Reference Manual*. You will use the information in the Payroll Info – XXXXX table from Job 2. The memorandum is to each individual employee in the Payroll Info – XXXXX table. Send a copy of the memorandum to Nancy Wells. You will need to supply an appropriate subject.

Body of Memorandum:

Please take a look at your yearly payroll information shown below:

- Yearly Salary: <<Yearly Pay>>
- 401K Contributions: <<401K MAX>>
- Disability Insurance: <<Disability>>

Use the table below to help determine your yearly taxes.

<<Insert Table from Job 3>>

Let me know if you have any questions or concerns.

1. In the merge field codes for Yearly Pay, 401K MAX, and Disability, include code that makes the numbers appear as Currency (with two decimal places) when merged.
2. Print the Memorandum with the field codes showing.
3. Merge the Memorandum. Only print the memoranda that are to Tom Carlson and Roger Meyer.
