Time: _____

Rank: _____

DATABASE APPLICATIONS (240) **NATIONAL 2023**

Production (90 minutes)

Job 1: Import/Export Tables _____ (100 points)

Job 2: Form w/Subform _____ (100 points)

Job 3: Sales Report _____ (100 points)

Job 4: Orders Report _____ (100 points)

TOTAL POINTS _____ (400 points)

Industry Certification (50 minutes)

MOS Access Expert Certification

GENERAL GUIDELINES:

Failure to adhere to any of the following rules will result in disqualification:

1. No equipment, supplies, or materials other than those specified for this event are allowed in the testing area. No previous BPA tests and/or sample tests (handwritten, photocopied, or keyed) are allowed in the testing area.
2. Electronic devices will be monitored according to ACT standards.

EXAM GUIDELINES:

1. Ensure this test booklet contains Jobs 1-4.
2. Key all jobs according to the instructions given.
3. Correct any and all formatting, spelling or grammar errors. Use the formatting guide in the *Style & Reference Manual*.
4. Your name or initials should *not* appear on any work you submit. Use your Member ID on any occasion you would normally key your reference initials.
5. In the lower **right** hand corner of ALL work submitted (unless otherwise specified), key your Member ID and job number.
6. If you complete the event before the end of the time allotted, notify the proctor. Time may be considered a factor in determining a winner when there is a tie score.

PART ONE Instructions: Production

Once you have completed all four jobs listed below, upload all competition materials (including project files, etc.) to the National BPA Pre-submit System at presubmit.bpa.org.

DA-Job1-MemberID.pdf

DA-Job2-MemberID.pdf

DA-Job3-MemberID.pdf

DA-Job4-MemberID.pdf

PART TWO Instructions: Industry Certification

This exam requires the MOS Access Expert Certification. Please do not leave your seat or exit the room until you have completed the certification. After the certification has been administered, you are permitted to leave.

	Points Possible	Points Earned
Job 1 – Import/Export Tables		
Correct fields showing (5 pts each)	40	
SSN# field formatted correctly	10	
Cell Phone field formatted correctly	10	
Sort alphabetically by name	20	
Member ID# and Job # in footer	10	
Print in Landscape, using best fit, on one page	10	
Total for Job 1	100	
Job 2 – Form with a Subform		
Correct field shown (5 pts each)	50	
Current date shown for orders entered	5	
Total Orders field calculated correctly & format as currency	10	
Today's Order field calculated correctly & format as currency	10	
Entered correct data for 360 Security and Ericson forms	10	
Printed only 360 Security and Ericson forms	10	
Print in Landscape, using best fit, on one page	5	
Total for Job 2	100	
Job 3 – Software Sales Report		
Correct fields shown (10 pts each)	30	
Group by Account Name	10	
Sort in Ascending order by Software Name	10	
Account Manager field with correct names included	30	
Line inserted beneath Account Name and Acct Mgr	10	
Print in Portrait, using best fit, on one page	10	
Total for Job 3	100	
Job 4 – Yearly Software Orders Report		
Correct field names (5 pts each)	20	
Formatted as shown	5	
Group by Year (only show 2023)	5	
Sort in Ascending order by Software	5	
Headings bold and centered above respective columns	5	
# of License field: comma style, no decimals	10	
Total Sales field: Currency style	10	
Yearly Totals label at bottom of report (bold)	10	
Calculated field for Total # of Licenses (correct, comma style, no decimals, & bold)	10	
Calculated field for Total Sales (correct, currency, & bold)	10	
Line inserted above Yearly Totals at bottom of report	5	
Print in Portrait orientation, using best fit, & fit on one page	5	
Total for Job 4	100	
Total Points Earned	400	

You’ve been hired by Tom Carlson, Information Technology manager, to create an employee database for Digital Solutions. Please follow his instructions for each of the jobs listed below.

Job 1 – Import/Export Tables

1. Import the tables listed below into your database. Name the tables as shown below—without the ‘Student Data’ portion.
 - a. Student Data Accounts – XXXXX
 - b. Student Data Employee Info – XXXXX
 - c. Student Data Software – XXXXX
 - d. Student Data Software Orders - XXXXX
2. In the Employee Info table, change the format of the following fields:
 - a. SSN# - ###-##-####
 - b. Cell Phone – (###) ###-####
3. Sort the Employee Info table in Ascending order by Last Name then by First Name. (Make sure any employee with the same last name is in alphabetical order.)
4. Hide the following fields: EmployeeID, City, State, and Zip
5. Export the Employee Info table to a Word document.
6. Enter you Member ID# and Job 1 in the right footer.
7. Print the Word document in Landscape Orientation, adjust the column widths so that all data is on one line. (It does not need to be formatted following the Style Manual guidelines.)

Job 2 – Form with a Subform

1. Create a Form with a Subform and Calculated fields. The form should be saved as **Orders by Account – XXXXX** where ‘XXXXX’ is your Member ID#.
2. The form should be formatted as shown below:

Orders by Account - XXXXX

Account Name	360 SECURITY	Total Orders:
AccountID#	3601138	Today's Order:
Account RepID	adk2589	

Order Date	Software	# of Licenses	Price Per License	Cost
10/8/2022	VMware Fusion	800	\$18.00	\$14,400.00
3/23/2022	Microsoft HyperV	400	\$15.00	\$6,000.00
4/26/2021	Adobe Reader	1000	\$10.00	\$10,000.00

3. In the Subform, the default value of the Order Date field should be today’s date. So, when you enter a new order, the current date will automatically appear.
4. The “Software” field should be a combo box that allows you to select any of the different Software options from the "Software" table.

5. The ‘calculated field’ “Total Orders” at the top right of the form should total the ‘Cost’ field from the subform. It should be formatted as currency.
6. The ‘calculated field’ “Today’s Order”, at the top right of the form, should total the ‘Cost’ fields from the subform that are equal to today’s date. It should be formatted as currency.
7. Once you have created your form, you must enter the following data into the form:
 - a. Account Name: 360 Security; Software: BitLocker; # of Licenses: 100
 - b. Account Name: Broadcom Inc; Software: Firefox; # of Licenses: 250
 - c. Account Name: Ericson; Software: Malwarebytes; # of Licenses: 400
8. Filter the Form so that you will only see the forms for “360 Security” and “Ericson”.
9. Make sure all of your data is visible and fits on one page.
10. Print the form in landscape orientation.

Job 3 – Software Sales Report

1. Create a Report that displays the software sold to each account. Name the Report Software Sales by Account – XXXXX where ‘XXXXX’ is your Member ID#.
2. Format the report as shown below:

Software Sales by Account - XXXXX	
360 SECURITY	Account Manager: Rhonda Adkins
Adobe Reader	
BitLocker	
Microsoft HyperV	
VMware Fusion	
ADVANTECH CO., LTD	Account Manager: Jenna Bullock
BitLocker	
PuTTY	
Windows Defender	
ARISTA NETWORKS INC	Account Manager: Angela Barber
Gmail	
Microsoft Edge	
VMware Workstation	

3. Group the report by “Account Name”.
4. Sort in ascending order by software name within each group
5. Include a field that is labeled: “Account Manager:” and includes the first and last name of the account manager for each account.
6. Insert a line beneath the “Account Name” and “Account Manager Name”
7. Make sure all data is visible.
8. Print page one (only) in portrait orientation.

Job 4 – Yearly Software Orders Report

1. Create a report that displays the yearly software orders. Name the report “Yearly Software Orders – XXXXX” where ‘XXXXX’ is your Member ID#.
2. Format the report as shown below:

Yearly Software Orders - XXXXX

	# of Licenses	Total Sales
2023		
Adobe Reader	500	\$12,000.00
Adobe Creative Cloud	250	\$3,000.00
BitLocker	900	\$7,200.00

3. Your report should be grouped by the date sold (by year) and only show the sales for the year 2023.
4. The software should be sorted alphabetically (ascending order).
5. The labels # of “Licenses” and “Total Sales” should be bold and centered above their respective columns.
6. The “# of Licenses” field should be formatted with commas and no decimals.
7. The “Total Sales” field should be formatted in currency style.
8. At the bottom of the report, you should have a label called “Yearly Totals:”. It should be bold.
9. At the bottom of the report, you should have a calculated field that totals the yearly “# of Licenses”. The field should be bold and formatted with commas and no decimals. It should be directly below the column for the “# of Licenses”.
10. You should also have a calculated field for the “Total Sales” for the entire year. The field should be bold and formatted in currency style. It should be directly below the column for the “Total Sales”.
11. Insert a line above the “Yearly Totals” at the bottom of the report.
12. Print the report in portrait orientation, make sure all data is visible, and it fits on one page.
