Description

Assess use of current desktop technologies and software to prepare and deliver an effective multimedia presentation.

Topic

The working world is changing. In our increasing flexible workplaces, the notion of a 'job for life' and the concept of a 9-5 workday is diminishing. In its place is the gig economy, cooperative working online platforms (often apps) where people work on temporary contracted assignments (gigs), often as freelancers and self-employed. Some well-known gig economy platforms include Shipt, DoorDash, Fiverr, and Airbnb.

Create a presentation for your local Chamber of Commerce explaining what a gig economy is and why a town/city should consider this a valid business model to include in their membership that can benefit their city and other member businesses.

Things to consider but not limited to:

- The positives and negatives of gig work for a person
- The role gig work can play in supporting local businesses
- How gig workers can benefit a local community

- Set-up will be stopped at three (3) minutes to begin the presentation.
