Job 2: Memorandum with Mail Merge

Key a memorandum from Tom Carlson to the contact person for potential technology vendors, using mail merge, following *Style & Reference Manual* memorandum format. Use the current date and include the subject line Confirmation of Technology Pricing. Please correct any spelling, punctuation, or grammar errors. Include a copy of this memorandum to Nancy Wells.

The four vendors with necessary information are found below. Use merge fields where indicated in paragraph 3 of the memo.

Contact Person	Vendor	Price Per Computer Unit	Number of Units	City
Patrick Holsworth	Coreval Computer Systems	\$3,250	22	Goodlettsville
Margo Frederick	Westwood Computech	\$2,800	22	Waukesha
Jacob Parker	Parker-Hillman, Ltd	\$4,000	22	Mankato
Sylvia McNally	Romeli Technology Group	\$2,699	25	Matawan

Body of Memo:

Thank you for taking the time to discuss with me by phone the current technology needs of Digital Solutions for our remote employees. Having dealt with **<Vendor>** in the past, we have been impressed with the quality of your products and the level of service you have provided to our company.

As we discussed we are interested in purchasing computer units for use by our remote employees. These computers will be used for general business tasks, including administrative support, graphic design, financial services, videoconferencing, etc. Together, we have determined that the unit we discussed, with all peripherals, will allow our employees to remain productive away from the office setting.

Once we were able to settle on the specific hardware, which I recently confirmed with you by email, you verbally provided me with a quote of **<Price Per Computer Unit>** per unit for **<Number of Units>** units.

I am asking that you provide me with a formal quote in the above quantity and price per unit, including any taxes, shipping costs, and total. Also, please indicate the estimated delivery timeline for these units, as we must have them delivered as soon as possible.

Once I have confirmation by way of a formal quote, I will be arranging to make a visit to see your facility in **<City>**, at which time I would like to meet with you and have one of your team members demonstrate the product and its features. After that has been accomplished, Digital Solutions will decide upon a vendor for this purchase.

Please send me your formal quote so that we may move this process forward in an expeditious fashion. Thank you for your time!

PRINTING INSTRUCTIONS for Job 2:

Job 4: Two-Page Report

Key a report from Tom Carlson to Nancy Wells, CEO, using today's date. The title of the report will be *Procurement of Equipment for Remote Employees*. Use the *Style & Reference Manual* as your guide. Correct any errors in spelling, punctuation, or grammar that you find.

Add an endnote to the document, referencing the point after the word "schedules" at the end of the quotation under the Corporate Requirements heading, with the endnote stating Digital Solutions, Constitution & Bylaws, 2002. For the quotation under the Corporate Requirements side heading, start the quote on a new line and indent the entire quote ½" from left margin while maintaining DS.

Digital Solutions is soliciting quotes from four businesses for new computer equipment and all peripherals for our remote employees. It is important that all employees have the tools and resources necessary to be successful in a remote environment. This report will provide information about the procurement process.

Procedure

The technology companies have received specifications and have given verbal price quotes. We have now requested confirmation in writing of those quotes to be submitted in the next 5 days. We will review all quotes once they have been submitted.

In-Person Visits

As the Information Technology Department Manager, I will be visiting each of the vendors from which we are considering purchasing equipment to speak with the sales manager and observe a demonstration of the product in question. Those visits will take place in the near future and will assist greatly in determining the best product for our remote purposes.

Corporate Requirements

According to the Bylaws of Digital Solutions, Article IX, §9.08, we are required to abide by the following: "All purchases with a total cost greater than \$20,000 must be authorized by the Board of Directors. The organization shall allocate funds according to the approved budget, and any budget amendments must be approved by the Board of Directors. Quotations shall be solicited from multiple vendors in order to ensure competitive pricing and quality. A contract must be entered into with the selected vendor for the purchase of equipment. Such contract must include, at a minimum, specifics related to price, payment terms, warranties, and delivery schedules."

Approval Process

Written approval by the Board of Directors must be obtained before an order is placed with the vendor.

I am hopeful that this report provides a clear framework for the procurement of technical tools for our remote employees.
