Grader Instructions for Application Components

Form Completion

Review the Health Insurance Claim Form completed by participants and compare with key below. Each box is worth 1 point, if errors are present or information is missing, deduct a point from the total. For example, Box 1a requires the Insured's ID number, if this number is missing or incorrect, deduct one point.

Each box to be evaluated is numbered. Any boxes not numbered should not be evaluated.

Notes to Graders

Instructional notes are provided on the key to indicate when multiple boxes should be considered together as a point. In these cases, all elements must be correct for credit to be provided.

Box 21 – A & B can be reversed. C should always be last. This also impacts column E in Box 24.

Box 24: These rows can be provided in any order, however, the data in each row must be correct.

Box 24a – From Date (one for each row)

Box 24b – To Date (one for each row)

Box 33 – The “Name” in this box can be provider name or the name of the practice. Either are acceptable.

There are fields on the claim form where multiple formats may be acceptable. If you have a question on a particular field, please reference the NUCC Health Insurance Claim Form Instruction Manual, located here:
