IMPLEMENTATION OF REMOTE EMPLOYMENT UPDATE

Digital Solutions has been a proud partner of «Vendor» over the past «Years_with_Vendor» years, and we hope to continue that relationship for many years to come. Thank you for your dedication to providing quality products and outstanding service to our organization.

As one of our top vendors, we want to make you aware of a change you may encounter in working with some members of our staff at Digital Solutions. We have recently updated our remote employment policy, which may result in our hiring of a more geographically diverse staff. As you probably know, finding qualified employees has been difficult as of late, so this updated policy will allow us to look further afield to fill future openings.

The reason we are notifying you of this policy change is that your company is in close communication with members of our staff, both in person and virtually. We want to ensure that you are satisfied with your ability to continue to manage relationships with our staff members regardless of whether they are on-site here or working from a remote location.

If you have any questions or concerns, please reach out to one of our department managers at 614-555-5555, at the listed extensions, who will be able to address any concerns relating to their respective departments:

Department	Manager	Telephone Extension
Financial Services	Harvey Rosen	2008
Information Technology	Tom Carlson	1927
Human Resources	Julie Smith	4430
Marketing	Roger Meyer	3610
Administrative Support	Edna Renick	5575

REMOTE EMPLOYMENT UPDATE

This report focuses on the Human Resources Department aspect of the Digital Solutions' remote employment policy update. It will consider the role of the individual employee and its relationship to company goals.

Company Policy

In order to be eligible for remote employment, a team member's work role must be compatible to working remotely. That determination will be made by the team member's supervisor and department manager.

The updated policy will require a formal agreement to be signed by both the remote employee and the employer. Such agreement will specify the terms of remote work, including work hours, availability requirements, and confidentiality agreements. The employer will provide all work tools, including hardware equipment and software licenses.

Communication Protocols

It is essential that the remote employees stay connected with Digital Solutions. Videoconferencing should be utilized to communicate with clients, supervisors, and colleagues. Other forms of communication that will be necessary are email communications, occasional onsite visits, and regular telephone contact.

Concerns

There is the potential that problems could arise if not proactively addressed. One area of concern is company data security. Remote employees must follow all company guidelines associated with password management, VPN usage, and staying aware of any potential phishing attempts.

Employee performance may also be a concern for those employees working remotely. Ensuring productivity standards are met is an important consideration. We are also reviewing our performance evaluation process in order to effectively evaluate remote employees.

By planning our remote employment policies, we can more effectively manage our remote workforce, ensuring that both the employee and the company find remote employment to be a mutually beneficial arrangement.

Regular Meeting of Board of Directors

February 24, 2025

A regular meeting of the Board of Directors of Digital Solutions was called to order at 700 Morse Road, Suite 201, Columbus, Ohio, at 10 a.m. pursuant to the notice sent to all Directors in accordance with the bylaws.

The following directors were present, constituting all the directors: Jared G. Allison II, Deborah Dean Daniels, Gary Guyot, Phyllis Sparks, and Marvin Winters.

Jared G. Allison II, Chairman, presided and Marvin Winters, Acting Secretary, recorded the proceedings of the meeting.

The minutes of the January meeting were approved.

Mr. Allison introduced Julie Smith, Digital Solutions' Human Resources Manager, who reported on the updated policy manual for remote employment, discussing the pros and cons of employees who are working remotely. Ms. Smith provided an overview of the number of employees involved, the potential for future geographically distant employees due to local hiring concerns, and the reason the company needed a defined policy.

Mr. Allison introduced Harvey Rosen, Digital Solutions' Financial Services Manager, who reported on the additional costs to be expected for the company related to remote employment.

The next meeting of the Board will be held on March 24, 2025, at 10 a.m.

There being no further business, the meeting was adjourned at 11:17 a.m.
