

Computer Modeling

(425)

STATE 2025

Topic

Your challenge is to model the interior of a living room designed for a military veteran who uses a wheelchair. Your design should include furniture, lighting, and decor to ensure the space is fully accessible and functional. The layout must allow the veteran to easily navigate and utilize all parts of the room, providing both comfort and independence. Focus on innovative solutions and thoughtful design to create a welcoming and practical environment.

Judging Procedure

- As a team of judges, formulate two to three questions to ask at the conclusion of the presentation. Be sure to ask the same questions of each contestant.
- Contestants will present before a panel of judges and timekeeper.
- The length of set-up/wrap-up will be no more than three (3) minutes.
- The length of the presentation will be no more than ten (10) minutes; followed by judges' questions not to exceed five (5) minutes.
- Excuse contestants upon completion of judges' questions.
- **There can be no ties in the top ten (10) contestants.** It is the responsibility of the judges to break any ties.
- The Administrator will fill out a ranking sheet prior to dismissing the judges.
- If more than one (1) section is necessary, finalists will be determined by selecting an equal number from each section.
- Give administrator all Judges' Scoring Rubrics, Judge Comment Sheets, and contest materials.
- No audience is allowed in the contest room.

Possible Questions

1. How does your design ensure that all areas of the living room are easily accessible for someone using a wheelchair?
2. What specific furniture choices did you make to accommodate the needs of a wheelchair user?
3. How have you incorporated lighting to enhance both functionality and comfort in the space?
4. Can you explain how the layout of the room allows for easy navigation and maneuverability?
5. What innovative solutions have you included to address common accessibility challenges?
