Topic

Create a three to five (3:00 - 5:00) minute informative video showcasing the farm-to-table movement, the journey of food from its origins on a local farm to its final destination on a plate. If you do not have access to a local farm, you can incorporate a local community garden or farmer's market. The video should capture the following aspects:

- Introduce a local farm, community garden or farmer's market. Highlight the farmers, community garden or farmer's market and their sustainable practices
- Illustrate the distribution process including transportation and logistics involved in getting the food from the farm, community garden or farmer's market to our food supply chain
- Capture the end-user experience focusing on families or individuals purchasing and preparing a meal using farm-sourced ingredients
- Include interviews with experts relating to the farm industry, community garden, or farmer's market and/or consumers about their views on the importance of eating locally sourced food
