Computer Animation Team

(440)

STATE 2025

Topic

The government is developing plans to establish a colony on Mars. Your team has been selected to create a detailed animation mockup of a future Martian city. The mockup should include housing, innovative buildings, transportation systems, and public spaces. Showcase how humans might live, work, and thrive on the Red Planet, highlighting cutting-edge technology and sustainable practices.

Judging Procedure

- As a team of judges, formulate two to three questions to ask at the conclusion of the presentation. Be sure to ask the same questions of each team.
- Teams will present before a panel of judges and timekeeper.
- The length of set-up will be no more than three (3) minutes.
- The length of the presentation will be no more than ten (10) minutes; followed by judges' questions not to exceed five (5) minutes.
- Excuse teams upon completion of judges' questions.
- **There can be no ties in the top ten (10) teams.** It is the responsibility of the judges to break any ties.
- The Administrator will fill out a ranking sheet prior to dismissing the judges.
- If more than one (1) section is necessary, finalists will be determined by selecting an equal number from each section.
- Give administrator all Judges' Scoring Rubrics, Judge Comment Sheets, and contest materials.
- No audience is allowed in the contest room.

Possible Judge Questions

1. What materials did you choose for constructing the buildings, and why are they suitable for the Martian environment?
2. What sustainable practices have you integrated into your city design to minimize environmental impact?
3. How do you plan to manage resources such as water, air, and food on Mars?
4. What role does technology play in your city, and how does it enhance the quality of life for the inhabitants?
5. How have you designed the city to support both the professional and personal lives of its residents?
