

(210) Advanced Word Processing

Certiport Parental Consent Form
REQUIRED

Description & Eligibility

Evaluate advanced-level skills in word processing and document production. Any postsecondary or secondary division contestants may enter this application event. Contestants may compete in only one of the following events each year: Fundamental Word Processing, Intermediate Word Processing, or Advanced Word Processing. This event may be repeated.

Contestant Must Supply

- Published and/or unpublished non-electronic written reference materials

Equipment/Supplies Provided

- Computer and software

Competition Notes

- Method of evaluation: application.
- All student-produced jobs completed on-site are uploaded electronically and are not printed at the national level.
- Previous Business Professionals of America tests and/or sample tests (handwritten, photocopied or keyed) may not be taken into the testing area. **Violation of this rule will result in disqualification.**
- Length of event: no more than ten (10) minutes orientation, no more than ninety (90) minutes testing time, and no more than ten (10) minutes wrap-up.
 - No more than fifty (50) minutes for certification test
- At NLC, contestants will take MOS Word 365 Expert certification as part of the event. Contestants passing this certification will have 50 points added to their event score. A Certiport profile must be created at www.certiport.com before attending NLC. Contestants must include their BPA Contestant ID in their Certiport profile when they register. For more information on the exam, visit www.certiport.com. Reference materials are not allowed for certification testing.
- Entries vary by state.

Contest Competencies

- Apply advanced-level word processing skills to produce business documents
- Demonstrate comprehensive knowledge of word processing software functions
- Apply company guidelines instead of default setting according to the *Style & Reference Manual*
- Format letters, memos, reports, agendas, itineraries, labels, minutes, news releases, outlines, speeches, table of contents, and works cited documents
- Proofread and correct documents using edited copy
- Create tables with mathematical computations
- Generate a mail merge using variable data
- Insert graphics and special characters in documents
- Format and enter text in columns
- Use of fields in documents
- Use of advanced headers and footers
- Enhance documents using features such as leader tabs, shading, lines, borders, and graphic tools
- Use electronic and hard copy references to assist in preparing documents (e.g., help screens, spell-check, thesaurus, user's manual, dictionary)
