

(V13) Esports Team

Description and Eligibility

This contest will test a team's ability to research and create strategies to effectively compete in a virtual esports competition. Teams will submit a research paper on the provided esports topic, compete in an esports tournament, and create a presentation highlighting strategies used and the lessons learned. This national event will be submitted and judged virtually. Awards will be presented at the National Leadership Conference. Any middle level, secondary or postsecondary contestant may enter this event. A team will consist of 2-4 contestants, depending on the division. There are no restrictions on the number of entries per chapter or per state. **Teams who do not submit an entry following the topic listed below or do not follow the Copyright and/or Fair Use Guidelines will be disqualified.**

Topic

Esports has become a worldwide phenomenon, with markets flourishing across North America, Europe, Asia, Latin America, and Africa. In a research paper of no more than three pages (double-spaced), examine how esports has developed globally and the international business and career opportunities that have emerged as a result.

Research Focus (choose or integrate multiple angles):

1. **International Market Trends & Key Regions**
 - Compare how esports has scaled in at least two different global regions (e.g. North America vs. East Asia, or Europe vs. Latin America).
 - Include recent data on market size, audience growth, tournament revenue, or regional investments.
2. **Global Business Careers & Cross-Sector Roles**
 - Identify at least three business-related careers or roles that operate across borders (examples: international event coordination, global sponsorship management, esports consultancy, broadcast localization, player management/agency across regions).
 - Discuss cross-cultural and international aspects of these roles.
3. **Skills, Certifications & Cultural Competency**
 - Explore what skills, qualifications, language proficiencies, or intercultural competencies are valuable for working in the global esports business environment.
4. **International Collaboration & BPA Engagement**
 - Suggest ways that BPA members—through virtual collaboration, team pitches, or academic exchanges—could engage with global esports projects or international student teams.
 - Mention how BPA experiences (e.g. virtual teamwork, project management, or competitions) build relevant capabilities for international esports business engagement.
